Bons-en-Chablais, September 1st 2009

Subject : European Union (EU) Regulation on Chemicals - REACH -

Ref. : NICO_REACH_01092009_GB

Dear Sirs,

Given the new European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), Nicomatic informs you that we have integrated the first phase of the regulation that is the pre-registration of substances which took place between June 1st and December 1st 2008, as well as second phase that consists in registering the substances.

There is no supply risk linked to REACH whatsoever at Nicomatic.

Nicomatic is not at all concerned by the 15 SVHC high risk substances, because these last are not used in Nicomatic products.

In order to facilitate the exchanges on the subject we kindly ask you to use quality@nicomatic.fr as the only Email address.

We stay at your disposal for any further information you may need.

Best regards,

Mr O. NICOLLIN,
Responsible for REACH Project

Mr M. ARNAUD,
Quality Director
