SERVICE**

**URGENT
DELIVERIES ?**

**WE CAN
MANAGE IT**

Premium service, a better lead-time ! (2020/10/21 04:21:38pm)

Reactivity & short lead times have always been part of Nicomatic's DNA and we do all we can to ensure our customers benefit from this. As a result, for those customers who require an even quicker delivery, we offer a premium service at a cost of 500€ per line item.

Our lead time for standard CMM is 1 week however with this service, we can reduce this to just 2 days.

We promise to improve on the despatch date following consultation with the manufacturing team.
