# CONFLICT MINERALS & EXTENDED MINERALS DUE DILIGENCE STATEMENT

*Last update: April 2026.*

This letter sets out NICOMATIC's intention to comply with the reporting requirements of the Responsible Minerals Initiative (RMI) – Extended Minerals Reporting Template (EMRT) version 2.11 and Conflict Minerals Reporting Template (EMRT) version 6.6 (2026 CMRT/EMRT released by RMI on the 17/04/26).

This statement applies to NICOMATIC and our supply chain.

It covers products manufactured or supplied by NICOMATIC that contain the following minerals:

 **CMRT:** tin, tantalum, tungsten and gold (3TG)

 **EMRT:** Relevant extended minerals for NICOMATIC's products: cobalt, nickel and copper.

With our ecosystem, our suppliers and our clients, NICOMATIC is committed to responsible sourcing and actively supports every effort to ensure that our supply chain does not contribute to conflict, serious human-rights violations, or any other severe impacts associated with mineral extraction and trade.

For our ecosystem, we are committed to:

 **Transparency:** share a maximum of visibility regarding mineral origin data for every material used in NICOMATIC's products, covering the full 3TG set (CMRT) and the 3 relevant critical minerals (EMRT).

 **Improvement:** where serious adverse impacts or discrepancies are identified, suppliers are contacted for clarification and definition of a corrective action plan.

 **Information:**

- CMRT – [CMRT 6.5 available on our website](#). CMRT 6.6 campaign launched in May 2026, available on our website by the end of 2026.
- EMRT – EMRT 2.11 campaign launched in May 2026, available on our website by the end of 2026.

This statement does not constitute a legally binding contract. It reflects NICOMATIC's current intention, subject to changes in legislation, customer requirements, and the availability of supplier data.
