Export Control Regulations ITAR/EAR **Valid for 2022**

To Whom It May Concern,

The ITAR and EAR restrict the export of products and technical data from the US, and control the re-export of such products and technical data after the point of export.

This is to certify that none of NICOMATIC part numbers is submitted to US export controls and therefore affected by ITAR/EAR regulations. None of the NICOMATIC parts is a dual usage part.

**The country of origin is always France.
Our products are in the category "Not controlled" : ECCN CMM / DMM - EAR 99**

Sincerely,

NICOMATIC SA
Olivier NICOLLIN - CEO
