## Packaging and packaging waste Statement - 2023

- Directive 94/62/EC

NICOMATIC takes part with its packaging to meet the European Directive 94/62/EC requirements in its last update - July 2018.

- NICOMATIC – To go further

NICOMATIC is working to reduce all packaging impact from product to shipping packaging with the will to focus on reduce, re-used and re-cycled + re-cyclable material:

- Shipping box (monochrome, size streamlining, reduce and remove of staple and tape)
- Shipping protection (honeycomb paper and bio air pillows)
- Product packaging (new PET CMM blister pack in progress)
