Product family	Substance/ CAS No. / Location
CMM Micro connectors	Octamethylcyclotetrasiloxane / 56-67-2 / Interfacial seal
DMM - 2mm pitch metal connectors	Product does not contain a listed substance
OMM micro-circular connectors	Product does not contain a listed substance
Microflex Hi-Rel Flexible Harness	Product does not contain a listed substance
EMM Micro connectors	Product does not contain a listed substance
AMM Micro connectors	Product does not contain a listed substance
DLMM Metalized composite connectors	Product does not contain a listed substance
Cabling solutions - Harness	On request
MATR-YX	In progress
OPTIMUS / EN4165 Sealed connector	Product does not contain a listed substance
Crimpflex™	Product does not contain a listed substance
Discrete wire to flat cable	Product does not contain a listed substance
FFC Cables	Product does not contain a listed substance
PCB connectors & related	On request
SMD test terminals	Product does not contain a listed substance
SMD leds	Formaldehyde / 50-00-0 / Die attach
Metal domes - Switch'Air™	Product does not contain a listed substance
Tools	On request
Custom solutions	On request

- NICOMATIC – To go further

Regrading TSCA Chemicals Undergoing Risk Evaluation, even if the chemical is not contained within our product, NICOMATIC is currently working to change its cleaning and degreasing processes that use Perchloroethylene (127-18-4).
